

### TKS-105c-TOUCH-KGEH

#### PRODUCT FEATURES

- Integrated touchpad
- Haptic key outlines
- Chemical, abrasion and scratch resistant frontsheet
- Resistant against dirt, dust and liquids (IP65)
- Robust plastic housing
- Short travel keys with precise tactile feedback

#### TECHNICAL DATA

Number of keys:	105	Dimensions:	482.6 x 184.6 x 34.9 mm
Keyswitch technology:	short travel keys	Weight:	ca. 1300 g
Operating force:	2.6 N	Certifications:	CE, FCC
Switch travel:	0.3 mm		
Switching cycles:	approx. 3 mill. (per key)		
Protection level (max):	IP65		
Housing material:	plastic		
Interfaces:	PS/2; USB (USB2.0 compatible)		
Operating temperature:	0 °C to +70 °C		
Storage temperature:	-25 °C to +80 °C		

#### TECHNICAL DATA TOUCHPAD

Operating principle:	capacitive
Resolution:	100 - 300 dpi
Active area:	59 x 42 mm
